JAMAL FERGUSON

FRONTEND DEVELOPER

React | Next.js | JavaScript | TypeScript

Penngrove, CA | (954) 907-8910 | jamal.ferguson8@gmail.com | github.com/Miingo954 | linkedin.com/in/jamal-ferguson-31a2b73a2

PROFESSIONAL SUMMARY

Frontend developer building responsive, interactive web experiences with React and Next.js. Hands-on internship and project experience with live APIs, reusable components, dynamic routes, loading states, accessibility, and Git workflows. Brings 9+ years of customer success and operations experience, with a practical focus on usability, clear communication, and measurable outcomes.

TECHNICAL SKILLS

Languages	JavaScript, TypeScript, HTML5, CSS3
Frameworks	React, Next.js
Frontend	Responsive Design, REST APIs, Dynamic Routing, Component Architecture, Accessibility
Tools	Git, GitHub, VS Code, npm, Vercel, Chrome DevTools

FRONTEND EXPERIENCE

Skinstric AI
2026 - Present

Frontend Developer Intern
Remote

- Build and refine responsive React and Next.js interfaces within an existing product codebase.
- Connect reusable components to live APIs and support dynamic routes, loading states, and error handling.
- Debug visual and functional issues across desktop and mobile while collaborating through Git and GitHub.

Ultaverse NFT World
Jul 2026 - Sep 2026

Frontend Developer Intern
Remote

- Developed responsive features from design concepts using React, JavaScript, HTML, and CSS.
- Created reusable components, improved cross-device layouts, and translated product requirements into working UI.

SELECTED PROJECTS

Interactive Doodle Portfolio Next.js | JavaScript | CSS
Built a custom portfolio with animation, draggable interactions, responsive layouts, project case studies, and a debugging game.

Antonio's Pizza React | REST API | Responsive UI
Created an interactive ordering experience with reusable UI, menu state, and mobile-first behavior.

Streaming Discovery App React | REST API | Dynamic Routes
Built an API-powered browsing experience with search, content discovery, route-based detail views, and loading states.

ADDITIONAL EXPERIENCE

City Furniture and Ashley Furniture Industries
2015 - 2026

Customer Success, Logistics, Sales, and Visual Merchandising

- Led customer success and operational improvements contributing to approximately $1M in annualized savings through KPI-driven workflow and fulfillment optimization.
- Resolved complex customer, logistics, and ERP issues across cross-functional teams while improving retention and service outcomes.

EDUCATION

FES Institute — **2026**
Frontend Development Bootcamp - Certificate of Graduation

Nova Southeastern University
Business Administration coursework
